

# Core Facilities TRAINING FUNDS

Are you a  
**GRADUATE  
STUDENT**  
working on a project  
and need a few hours  
of training on a piece of  
equipment in a Core Facility?

**If your PI is a member of IALS, we have a solution for you!**

To support graduate student training in the Cores, the IALS Research Centers have agreed to subsidize the training rate for any IALS affiliated members graduate students.
